Mammals of the UWM Field Station

Common name	Scientific name	Status[1]	Comments
Opossum	*Didelphis virginiana*	C	
Masked Shrew	*Sorex cinereus*	C	
Short-tailed Shrew	*Blarina brevicauda*	C	
Star-nosed Mole	*Condylura cristata*	P	one observed March 2003
Little Brown Bat	*Myotis lucifugus*	C	
Northern Myotis	*Myotis septentrionalis*	U	
Big Brown Bat	*Eptesicus fuscus*	C	
Red Bat	*Lasiurus borealis*	P	
Silver-haired Bat	*Lasionycteris noctivagans*	U	
Hoary Bat	*Lasiurus cinereus*	U	
Cottontail	*Sylvilagus floridanus*	C	
Chipmunk	*Tamias striatus*	C	
Woodchuck	*Marmota monax*	U	
Thirteen-lined Ground Squirrel	*Spermophilus tridecemlineatus*	C	found along roadsides and lawns
Gray Squirrel	*Sciurus carolinensis*	C	
Fox Squirrel	*Sciurus niger*	U	
Red Squirrel	*Tamiasciurus hudsonicus*	C	
Beaver	*Castor canadensis*	U	
White-footed Mouse	*Peromyscus leucopus*	C	
Red-backed Vole	*Clethrionomys gapperi*	C	found primarily in the wetlands
Meadow Vole	*Microtus pennsylvanicus*	C	
Muskrat	*Ondatra zibethicus*	C	
House Mouse	*Mus musculus*	C	found around houses and barns.
Norway Rat	*Rattus norvegicus*	U	found mainly around barns.
Meadow Jumping Mouse	*Zapus hudsonius*	R	
Coyote	*Canis latrans*	C	
Red Fox	*Vulpes vulpes*	C	
Gray Fox	*Urocyon cinereoargenteus*	R	
Raccoon	*Procyon lotor*	C	
Short-tailed Weasel	*Mustela erminea*	C	
Mink	*Mustela vison*	C	
Striped Skunk	*Mephitis mephitis*	C	
River Otter	*Lutra canadensis*	U	
White-tailed Deer	*Odocoileus virginianus*	C	
Historically present or status unknown			
Eastern Pipistrelle	*Perimyotis subflavus*	status unknown	
Least Weasel	*Mustela nivalis*	road-killed specimen collected in early 1970's	
Long-tailed Weasel	*Mustela frenata*	possibly fairly common.	
Badger	*Taxidea taxus*	some sight records in late 1960's.	
1 - Abundance codes			
C = common (in appropriate habitat)			
U = uncommon			
R = rare			
P = present, status unknown
